## AR-BC260/320

From Copier READY screen:

1. Press Custom Settings Button
2. Press Total Count on LCD
  - a. When the screen comes up, you will see that it is broken down in to several categories. Under the OUTPUT column you see Copies, Prints, and Others. For each column, there will be a Full Color, Single Color and Black value. Each column will have to be added up to get the correct meter

In the example below:

10,334 f. color copies + 58,325 f. color prints + 5 s. color copies = **68664 total color**

124,789 black copies + 94,234 prints + 126 others = **219,149 total for black**

TOTAL COUNT			
<OUTPUT>	F. COLOR	S. COLOR	BLACK
